

World Environment Day Celebration

on

5th June, 2018

The Centre for Environmental & Occupational Health, Climate Change & Health (CEOH&CCH) Division observed The World Environment Day on 5th June, 2018 under the guidance and support of Dr S.K. Singh Director, NCDC. The theme for World Environment Day, 2018 was “**Beat Plastic Pollution**”. Various activities were conducted at the institute to create awareness on the above said theme.

1. On-the-spot drawing competition on theme '*Is Plastic a boon or a curse?*'. Twenty three (23) staff members of NCDC participated in the competition.
2. Debate on topic '*Are our actions enough to beat plastic pollution if yes justify/ if not justify, with suggested solution.*'. Thirteen (13) staffs participated in the competition. Eight (8) candidates participated 'for' the topic and five (5) candidates participated 'against' the topic.
3. Open platform for expression of thought through poetry, experiences, short & motivational speech etc. Officers and staffs shared their thought on the theme.

Dr S.K. Singh, Director NCDC felicitated the winners and participants of the competitions held on World Environment Day by awarding prizes and certificates.
